

SUBJECT: CUBER SERVICE PARTS
ICEU150*A7/W7
ICEU220*A4/W4

Number: 2018-01
Product: Cuber
Date Issued: January 23, 2018
From: Technical Service

Due to manufacturing considerations, the compressor for the ICEU150 and ICEU220 series has been changed. This compressor change will include a new model number, compressor part number and starting components as listed below. Please reference the Machine Model Number for the Correct Compressor Kit Part Number.

<u>Model Number</u>	<u>Compressor Kit Part Number</u>	<u>Kit Description</u>
ICEU150*A7	9181171-11	Includes Compressor, Start Components and Drier.
ICEU150*W7	9181171-11	Includes Compressor, Start Components and Drier.
ICEU220*A4	9181171-11	Includes Compressor, Start Components and Drier.
ICEU220*W4	9181171-11	Includes Compressor, Start Components and Drier.

Note: The * indicates Cube Size

Compressor Kit Specifics

Compressor Part Number	9181121-11	(AE444OZ-AA1A)
Overload	9181173-01	
Start Capacitor	9181175-01	
Compressor Relay	9181174-01	

Caution: As with all compressor replacements, the system will require a cycle check and adjustment of product controls to allow the maximum capacity output for the customer.
