

SUBJECT: ICE0500 EXPANSION VALVE CHANGE

Number: 07-13
Product: Cuber
Date Issued: July 2007
From: Technical Service

A change has been implemented regarding the expansion valve on the ICE0500 cubed ice machine. ICE-O-Matic is now utilizing a Danfoss manufactured valve, which will replace the Alco manufactured valve. This supplier change was implemented on July 26, 2007, and will affect units manufactured beginning with serial number **07071280014667**.

<u>Model Number</u>	<u>Part Number</u>	<u>Manufacture</u>
ICE0500	9151149-01	Danfoss

This Danfoss manufactured expansion valve can replace any Alco manufactured expansion valve used on the ICE0500 Revision 3 and 4 series cubers.

<u>Model Number</u>	<u>Alco Valve Part Number</u>	<u>Replacement Danfoss Valve Part Number</u>
ICE0500	9151134-01	9151149-01
	9151134-02	9151149-01
